

Art and Design:

In art we will be exploring the work of William Morris and using printing techniques to create our own designs.

Computing:

We will looking at how famous athletes present themselves on line. What information do they share and what do they keep private? Through the experiences of some of these athletes we will learn about cyber bullying. We will apply what we have learnt to communicate effectively with each other using email and the class blog.

Geography:

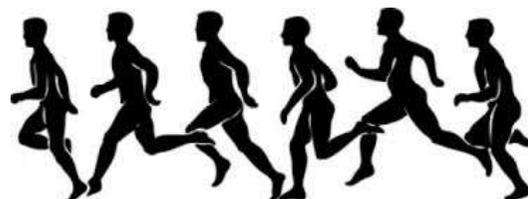

We will explore where our food comes. Through learning about different climates we will learn why food grow in one place and not another. We will use maps to learn where countries are around the world.

English:

In English we will be learning about how characters reveal their thoughts and feelings through actions and use descriptive vocabulary. We will look at persuasive language and instructions. We will also be writing traditional tales.

Year 2 Spring Term

staying Healthy

**Maths:**

We will be recapping and introducing new strategies for calculations. We will be focusing on using and applying maths strategies with money problems and will be learning about measures.

P.E:

In PE we will be exploring different ways of being physically active for sustained periods of time. We will aim to improve our speed, suppleness and stamina.

History:

We will learn about lives of significant people in medicine who lived in the past eg Mary Seacole and Florence Nightingale. We will compare their lives and think about what impact they have had on hospitals today.

Science:

We will be thinking about how we can tell something is alive. We will think about the different stages of the human lifecycle and compare it to other animals.

By thinking about the UN rights of the child we will consider what is essential to keep us alive.

We will then learn about how to keep our bodies healthy – the importance of exercise, how to eat a healthy diet and how to look after our teeth.

We will also explore what plants need to grow and be healthy.

D&T:

We will be learning about nutrition and cooking our own healthy snacks.

R.E: We will be learning about Christians and their beliefs. We will listen to some stories from the Bible to see what they teach Christians and think about how Christians pray.

Music: In music this term we will learn about pitch and exploring instruments and symbols.
